PROFESSIONAL SUMMARY

Computer Science graduate with a CGPA of 9.3/10, specializing as a Java Full Stack Developer. Strong foundation in Java, Spring Boot, backend development, and SQL. Hands-on experience building real-world applications and a strong interest in scalable systems, problem-solving, and continuous learning.

TECHNICAL SKILLS

- Programming Languages: Java, Python, JavaScript
- Backend Technologies: Java, Spring Boot, Node.js, Express.js
- Frontend Technologies: HTML, CSS, Bootstrap
- Databases & Tools: MySQL, MongoDB & Postman, GitHub
- Concepts: MVC Architecture, REST APIs, Microservices Basics

PROJECTS

Online Examination System

- Developed a secure Online Examination System with role-based exam management and automated evaluation.
- Implemented time-bound exams, randomized questions to improve efficiency.
- Integrated secure authentication to ensure exam integrity and prevent misuse.

Query Management System

- Developed a Query Management System to automate query categorization, assignment, and tracking, reducing manual effort.
- Implemented intelligent query routing based on expertise, priority, and workload to improve accuracy and response times.
- Designed the system to handle high query volumes efficiently while maintaining performance and scalability.
- Built a centralized dashboard for real-time query monitoring, reporting, and performance analysis.

EDUCATION

Bachelor of Science in Computer Science
University of Mumbai | 2022 – 2025
CGPA: 9.3/10

CERTIFICATIONS

- Java Full Stack Development – Pentagon Space
- Microsoft SQL Server 2019 – LinkedIn

LANGUAGES

- English & Hindi

SOFT SKILLS

- Team Coordination
- Problem Analysis
- Adaptability

ACHIEVEMENTS

- First Prize – Query Quest (Database Competition), KBP College (2024)
- Cash Prize – Project Showcase, KBP College (2024)
